

## CAPITALISTS IN MEXICO UPHELD

Deputy Plays Communist for Attack on Investors

Praises American Financiers for Attitude on Labor

Says Hatred for Wealthy Must be Eliminated

BY JACK STARR-HUNT  
(BY CABLE-EXCLUSIVE DISPATCH)  
MEXICO CITY, July 2.—A violent attack on United States Ambassador Sheffield and "Yankee capitalism" delivered at a session today of the Permanent Commission of Congress by Senator Luis G. Monson, leader of the Communist party in Mexico, was answered by Deputy Esquivel Padilla, with an appeal for elimination of hatred of capital.

"You tell us," Deputy Padilla said, "that it is necessary to attack capital. What is your Communist dream? Is it perhaps that misery and hunger should be distributed throughout the country in these trying times? It is necessary to remember that redemption of the proletariat is not possible without the effective aid of capital."

The truth should be told at all times and one of these truths is that among capitalists who best guard the interests of the country are American capitalists. When you war on capital you only aid such capital as exploits human misery and not such capital as exploits natural resources of the soil.

"It is necessary to eliminate from Mexico all hatred against capital. We have managed to implant the real revolutionary ideals in our government: it is necessary that they be justly carried out."

## Nevada Editors to Save Relics of Mark Twain

(EXCLUSIVE DISPATCH)  
VIRGINIA CITY (Nev.) July 2.—A movement has been launched by the Nevada Editorial Association and other organizations to preserve the old Territorial Enterprise building here, the scene of the early literary efforts of Mark Twain. Persons are said to be negotiating for the structure with the intention of commercializing its historic attractions.

It was on the Territorial Enterprise, pioneer Nevada newspaper, that Mark Twain gained his first journalistic experience. The old rooms still contain printing tools and furniture used by him in his duties as reporter, writer and printer, and a picture he gave to the editor. It was while on the staff of the Enterprise that Twain wrote the first of the stories that made him famous.

**LIGHTNING HITS AUTO**  
(EXCLUSIVE DISPATCH)  
DOUGLAS (Ariz.) July 2.—During a recent storm lightning struck a coupe on Douglas street, passing from the body to the wet wheels and scorching the ground beneath. Two persons were in the car and were unshocked and unhurt.

## MUTES HAVE OWN CHURCH

(BY A. F. NIGHT WIRE)  
CHICAGO, July 2.—Fifty years ago today the first Chicago church for deaf mutes was founded. A church where all is silence, where hymns never are sung, no sermon is read, nor sacred music echoes. All Angels Episcopal Mission is none the less the gathering place for devout worshippers. Approximately 200 deaf mutes carry on services regularly at the mission, entirely through the sign language.

## MEXICO CITY PLANS FAIR

Jubilee Will Celebrate Town's Founding and Bring Business Interests Together

BY JACK STARR-HUNT  
(BY CABLE-EXCLUSIVE DISPATCH)  
MEXICO CITY, July 2.—To celebrate the sixth centennial jubilee of the founding of Mexico City, business men here are organizing Mexico's first international fair for which invitations have been sent to all the business organizations in the countries with which Mexico maintains relations.

Ignacio Solo, president of the executive committee in charge of the arrangements and a leading industrialist here, states that the American industrial, commercial and other business men are not only welcome, but specially invited to participate in the fair. He added that the chief object of the fair is to counteract the present pessimistic feeling prevalent in business circles in Mexico and which is particularly notable in American industrial representatives of the United States and European countries and the board of directors which is composed of high government officials and many leading business men, a better understanding will result in a firmer feeling of security among American business circles toward Mexican buyers. The fair will serve as a booster move to draw the attention of the Americans and to promote commerce between the two countries. Its object will also be to bring the consumer in closer touch with the producer.

The fair is fully supported by the government and on its board of directors is Foreign Minister Aaron Saaenz as well as other government men including Senator J. J. Reynosa, manager of the largest cigarette factory in Mexico, Ignacio G. Enriquez, former Governor of the State of Chihuahua, Leon Salinas, president of the executive committee of the National Railways of Mexico and others of importance in the business life of the country.

The fair will give the American manufacturer an opportunity to exhibit to one of his good customers the Mexican people—his latest and most modern wares. Mr. Solo ended by saying that he expected a good contingent of American exhibitors in view of the fact that the Mexican nation is at peace and working hard in reconstruction and development.

**TRAIN KILLS TWO GIRLS**  
(EXCLUSIVE DISPATCH)  
ALBANY (N. Y.) July 2.—Two girls, dressed in poor clothing and returning to their South Dakota homes, were killed when a Chicago and North Western freight train ran them down near here. The girls were Gladys Kenston, 15 years of age of Berwyn, and Alma Stevens, 17, of Centerville.

## M'MILLAN AT BATTLE HARBOR

Bowdoin in Shelter Waiting Arrival of Perry

Ohio Amateurs Pick Up Air Message from Ship

Falling Barometer May Delay Departure

(BY A. F. NIGHT WIRE)  
WASHINGTON, July 2.—The Bowdoin, flagship of the Macmillan Arctic expedition, is at Battle Harbor, Labrador, awaiting the arrival of its companion ship the Peary.

Fog, ice floes and a falling barometer indicate that the weather may delay temporarily the departure of the expedition even after the arrival of the other ship.

A radio message from the expedition picked up by L. E. Caldwell and R. J. Lewis, amateur operators of East Cleveland, O., and made public today by the National Geographic Society, said:

**HAVE GOOD SHELTER**  
"We have a good shelter on a foggy and rock-bound coast, scene of early fighting between Indians and Eskimos and now one of the world's fishing centers."

"The loudest husky dog chorus in the world is most active at 3 o'clock in the morning and this is the last postoffice we shall touch at on the American continent."

"Benjamin H. Rigg, National Geographic Society meteorological observer, is making magnetic observations and the expedition photographers are at work despite inclement weather."

**CREW IS ENTERTAINED**  
"The Bowdoin's crew were entertained by the International Grenfell Association. Fog, ice floes and a falling barometer may make short delay necessary even after the Peary arrives. All well."

Dr. Gilbert Grosvenor, president of the National Geographic Society, who accompanied the expedition to Battle Harbor, will return to Washington from there.

## KIN OF DR. BLAISDELL NAMES BANKER HEIR

(EXCLUSIVE DISPATCH)  
ALTON (Ill.) July 2.—Miss Ariana Blaisdell of this city, who died recently, left her entire estate, valued at \$20,000, to her banker, C. A. Caldwell. Her nearest relative is Dr. James Blaisdell, president of Pomona College, Claremont, Cal. Dr. Blaisdell was in Alton a few days ago.

## HONEYMOON PAIR FACE CHARGE OF ROBBERY

(EXCLUSIVE DISPATCH)  
LOUISVILLE (Ky.) July 2.—A man registered as George Bridgeman, alias Carl Miller, 23 years of age, and his bride of a week, who gave the name of Mrs. Jessie McGraw Bridgeman, 20, asserted by police to have confessed an oil station robbery after being wounded by police, were held in Police Court on charges of shooting and robbery.

## SCHOOL SYSTEM BENEFITS SHOWN

Teachers in Convention Hear of Progress

Most Talented People Urged as Educators

Practical Commercial Training Advocated

(BY A. F. NIGHT WIRE)  
INDIANAPOLIS, July 2.—For the first time in educational history, said Joy Elmer Morgan, editor of the Journal of the National Educational Association, in an address tonight before the association's convention, "a curriculum is being built broad enough to meet the needs of all the children, of all the people, and varied to meet the needs of the individual child."

"The old curriculum," Mr. Morgan said, "was handed down by the school superintendent, but the new curriculum is being built by all the school forces working in democratic co-operation. The old curriculum was made for adults; the new curriculum is being made for children. The old curriculum furnished the child's education; the new curriculum begins the child's education. The old curriculum calls for mastery of facts; the new curriculum for mastery of life."

**NEED BEST MINDS**  
Mr. Morgan declared that society should draft into its army its most talented men and women.

"A nation," he added, "which allows its most gifted workers to spend their time upon its material resources and puts inoperative its charges of its intellectual and moral resources is crucifying itself upon a cross of gold, for we need our best minds and our biggest hearts for the schools."

Ella Victoria Dobbs, associate professor of industrial arts of the University of Missouri, told the association that the functions of the "teaching groups" in interpreting the schools to the public, are in duty bound to make clear "to the public, the investors, the reasons for the changes of procedure in teaching methods so that they will secure confidence and support in their work."

**PRACTICAL COURSES**  
Teaching of machine book-keeping and machine calculation in commercial high schools was urged today by J. E. Springman of the commercial department of the Pontiac (Mich.) High School, before the business education department of the association.

Mr. Springman said this work should be given pupils with the requirements of business constantly in mind, and that the nature of the work should be governed by the kind of machines used in the community by industry.

C. A. Hyne, business manager of the Cleveland Clinic and Associated Hospitals, declared indications point to the establishment of a system of commercial training that will be similar to the work received by medical graduates in interned service and law students in moot courts.

**INTERPRETING SCHOOL**  
J. R. H. Moore, head of the history department of Emmerich Manual Training High School, Indianapolis, in discussing the "Contributions of Teachers of Economics to the Interpretation of the School to the Community" before the National Council for Social Studies, declared "interrelations between the home and the school may prove valuable to both," and that the task of interpreting the school to the community required "co-operation in its broadest sense."

Francis R. Kelley, supervisor of home economics, Minneapolis, told the American Home Economics Association that the greatest care be exercised to select the most efficient equipment for home economic work in junior and senior high schools, as if this were done more efficient work could be accomplished and the "teaching load" reduced.

## AMERICAN COMMUNIST EXPELLED

Bertram Wolf Sent Out of Mexico as Result of Agitation

BY JACK STARR-HUNT  
(BY CABLE-EXCLUSIVE DISPATCH)  
MEXICO CITY, July 2.—Bertram Wolf, said to be an American and for two years active in the Communist party, has been expelled from this country under Article XXXIII of the Constitution.

Wolf has been one of the most active agitators. He was among the speakers at a Communist meeting June 13, last, at that time bitterly assailing the Lamont agreement and Secretary of State Kellogg's statement on Mexico.

Secretary of the Interior Iturbide, in discussing Wolf's expulsion, stated that "as long as Communist activities do not conflict with our laws they will not be molested and will enjoy the same rights as other citizens. But when Mexican Communists disobey the law they will be punished as the law requires and if they are foreigners they will be immediately expelled from the country."

## ALFONSO GETS WET AND JOKE RESULTS

(BY CABLE-EXCLUSIVE DISPATCH)  
MADRID, July 2.—King Alfonso insisted upon having his little "prohibition" joke while witnessing the display of the musical fountains at La Granja recently. The royal party included Ambassador Moore, the King, the acting president of the directorate, the Marquis Admiral Magas and half of the court were seated on one side of the fountain and the Queen and the rest of the court were on the other side. The fountain on the King's side overplayed, drenched the sovereign and those around him. The King good humoredly shouted to Magas: "This should be for Moore. His country insists on water."

## WISCONSIN FOR HARMONY

Republican Factions Likely to Unite on Winner October Primary for La Follette Successor

(EXCLUSIVE DISPATCH)  
WASHINGTON, July 2.—Political maneuvering in Wisconsin, preparatory of a primary in October and a special election in November to fill the La Follette vacancy in the Senate, shows an initial trend toward the restoration of harmony in Wisconsin between the La Follette Republicans and regular Republicans in that State.

While it is fully expected that both of these factions will have their own candidate in the October primaries and will fight bitterly, nevertheless the tip is going out from high sources in the Republican party to support the successful candidate in that primary, no matter who he is.

The recent investigation has shown that Wisconsin is not yet ready to forget Senator La Follette, and that the candidate of his faction, whether it is his son, Robert Jr., or some one else, is likely to be nominated. On the other hand, the efforts of the regular party in the State.

At the present time, Governor La Follette, Jr., is believed likely to be nominated. Senator La Follette, Jr., in the Senate this fall, hopes to be re-elected. It is the real contest as yet, the political leaders at this time.

# What is a Balloon Tire?

THE announcements of two years or so ago defined a balloon tire as—

"A tire of large cross-sectional diameter having a thin, flexible side wall so it can be run at low enough air pressure to provide a soft air cushion between the car and the road."

That was the industry's ideal.

That was what the car owner was told he would get.

That is what the car owner does get in the U. S. Royal True Low-Pressure Balloon.

But he doesn't get it in all tires that carry the word "Balloon" on the side wall.

Some tires labeled Balloon wear out too fast when run soft, so they must be run at too

high pressure to give ideal cushioning and comfort.

The makers of U. S. Royal Balloons have stuck to the original idea and ideal.

The U. S. Royal Balloon is built of Latex-treated Web Cord.

This provides the necessary strength and flexibility for low-air pressure.

It also has the U. S. Low-Pressure Tread which distributes the weight evenly over the entire tread surface and eliminates early, uneven and unsightly tread wear.

It can therefore be run at low enough pressure for ideal cushioning without injury.

Many nice big round tires with the name "balloon" on the side wall can't.

United States Rubber Company

# U. S. Royal True Low Pressure Balloons

United States Tires are Good Tires

## A Location and Lodge Complete for \$4,000 to \$4,500 at LAKE ARROWHEAD

For the first time, a limited number of attractive Old English Lodges, complete with Locations and permanent Improvements, are gathered together into one special group-offering, featuring prices made unusually attractive by very liberal terms.

Now you can own a Lodge in Arrowhead Woods. It is yours, not only as a place in which to spend delightful Summer vacations, but also as an abode where the joys and sports of Winter and the beauties of Autumn and Spring combine with Summer to make this California's Finest Playground.

Improvements at Lake Arrowhead are not promised—they are permanently there. Good Roads. Electricity. Pure Water and Sanitary Sewerage Systems are installed to every location, bringing to you the conveniences and comforts of your city home.

The Summer with its countless outdoor sports is here. Soon Autumn will come and then Winter with its soft blanket of white snow will add to the charm of Arrowhead, only to be followed by the awakening of Nature in the Spring.

Enjoy these things. The opportunity to assure the measure of health and happiness, to be found only at Lake Arrowhead, to yourself and your family is now at hand.

Only a few of these Lodges, complete with Locations, may be had on excellently apportioned terms. You have wanted one; now it is placed within your reach. Fill out the coupon and mail it to secure information with the assurance that you are in no way obligating yourself.

To those desiring to erect their own Lodges this is but a reminder that Locations in Arrowhead Woods are available at prices ranging from \$500 upwards. There is a location for every purse and purpose. For information, fill out the coupon, draw a line through the word "Lodges," and this will bring you information about Locations only.

DISPATCH  
al maneuvering in Wisconsin, and  
id a special election in November.  
Senate, shows an initial tendency  
n Wisconsin between the La Follette  
leans in that State.  
ar Republican organization have  
been centered on the return of  
rear of Senator J. L. Lenroot, to  
whose behalf a tremendous cam-  
paign is being planned.  
It is the present belief that Sen-  
ator Lenroot can be nominated  
next year and that harmony should  
be taken now in connection with the  
special primary and election con-  
sidered by the death of Senator  
La Follette will eventually become  
a permanent asset for the Repub-  
lican party in the State.  
At the present time, Gov. Blaine  
who is believed likely to support  
Robert La Follette, Jr., for the  
Senate this fall, hopes to succeed  
Senator Lenroot next year. This  
is the real contest as viewed by  
the political leaders at this time.

## How a new clothing floor puts money in your pocket

This business is growing so fast that we must have more room. So we're taking our fourth floor—now a stock floor and are turning that into a clothing floor.

But before we open it we must dispose of the stock.

The best way to do that is to reduce prices.

So tomorrow at nine we start a  
sale of Hart Schaffner & Marx  
clothes and Clothcraft clothes

It means a lot of extra money in your pocket;  
it's money in ours, too, to clean house now—  
to be ready with our new floor and ready for  
new fall goods.

## LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$1, \$5, \$10, and twenty of \$1 each. A list of the winners showing the film, together with rules for submitting jokes, are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the coupon. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a souvenir of acknowledgment.

**Professor to chemistry class:**  
And tomorrow I shall take crystals.  
**Students:** Hooray! Hooray!  
**H. Hawkins,** West Thirtieth street, Upland.

**Good morning, and how is Hickory this morning?**  
**The baby's name is not Hickory, it's Hazel.**  
**Ah, the devil, I knew it was some kind of a nut!**  
**Mrs. G. P. Greene,** 235 Hazel street, Inglewood.

**Customer:** Are you sure the airplane is safe?  
**Manufacturer:** Safest on earth.  
**Henry Richards,** 1995 Walnut street, Riverside.

**Army captain:** If anything moves, you shoot.  
**Rear:** Yes, and if anything shoots at me, shoot.  
**1910 West Fifth street, Riverside.**

**Teacher:** Let us take his family and flee out of Sodom. This is their picture.  
**Pupil:** Please, teacher, where is the flea?  
**Mrs. Nellie M. Moffitt,** 244 South Euclid avenue, Pasadena.

**Minister:** What is the first thing your daddy says before eating?  
**Johnnie:** Go slow with the butter, kids, it's 50 cents a pound.  
**Richard A. Flynn,** 5055 Range View avenue, City.

### THE GUMPS

Give Me Liberty or Give Me Jail

By Sidney Smith

WHEN I START TO CELEBRATE THE GRAND AND GLORIOUS FOURTH THE WORLD CAN PUT ON SMOKED GLASSES AND STUFF COTTON IN BOTH EARS - I'M AN AMERICAN AND I DON'T CARE WHO FINDS IT OUT -

BUT YOU KNOW FIRE-WORKS ARE DANGEROUS -

SURE, SO IS EATING TOO MUCH THANKSGIVING DINNER - WHEN A FELLOW PLAYS SANTA CLAUS HE HAS TO RISK GETTING STUCK IN THE CHIMNEY OR HAVING HIS WHISKERS CATCH ON FIRE - YOU CAN'T EXPECT ME TO CELEBRATE MY COUNTRY'S BIRTHDAY WITH-OUT A LITTLE RISK -

BUT FIRE-WORKS ARE AGAINST THE LAW - IF THE POLICE CATCH YOU SHOOTING OFF A SINGLE FIRE-CRACKER YOU'LL BE ARRESTED -

WELL I MIGHT JUST AS WELL CALL UP AND RESERVE A COUPLE OF PATRON WAGONS - I'VE LAID IN A SUPPLY OF ROMAN CANDLES, PIN WHEELS, SKY-ROCKETS AND NOISE-MAKERS AND I'LL START TOMORROW AND KEEP SHOOTING THEM OFF UNTIL THE HAND CUFFS ARE LOCKED ON BOTH WRISTS - A LOT OF GOOD MEN DIED FOR THIS COUNTRY SO WHY SHOULD I WORRY ABOUT A FIVE DOLLAR FINE?

### ELLA CINDERS

Who's Sorry Now?

By Bill Conselman and Charlie P.

THIS IS THE FIRST TIME I'VE BEEN OUT SINCE MA CINDERS DRAGGED ME BACK TO THE SINK. I TOLD MY STEP-SISTERS I WAS GOING RIDING IN A BIG CAR.

THIS HERE TRUCK IS JUST LIKE ME, ELLA. IT'S ROUGH BUT IT'LL GO A LONG WAY FOR YOU!

I'LL SAY SHE'S RIDING IN A BIG CAR! IF IT HAD A SIDE DOOR YOU COULD CALL IT A FREIGHT CAR.

ELLA'S SO DUMB SHE THINKS SHE CAN HAVE A HOT TIME IN AN ICE WAGON!

ENGINE'S DEAD AND TEN MILES TO THE NEAREST GARAGE!

NOW WHAT DO WE DO?

OH, HERE COMES A CAR! MAYBE THEY'LL TOW US!

BYGONE, I'VE GOT A LETTER FROM SUNDAY. HE WAS MY GUIDE OUT WEST LAST SUMMER. YOU KNOW, HE SAYS DEAR WALT WAS BORN TO SEE YOU THIS SUMMER BUT OLD YOU ANY OUT HERE IN THE DESERT NOW SUN'S SO HOT THAT WHEN YOU COOK FLAPJACKS THEY GET DOSE ON THE TOP SIDE FIRST GOT TO SOIL COFFEE IN THE SHADE TO KEEP IT FROM BURNIN' HAD TO LIGHTEN MY RACK FIFTY POUNDS YESTERDAY MY BACK HURTS. SUN'S WAS SHININ' UP TO HIS HOCKS IN SOLID ROCK AT EVERY STEP IT WAS SO HOT IN THE SUN.

IT AIN'T THE HEAT ALONE EITHER. IT GETS SO COLD NIGHTS I'VE GOT TO BREATH THE PLANK OFF MY CANALS AND BURY IT BEFORE I CAN GO TO SLEEP. THE COALS OF MY CAMP FIRE PROVE RED HOT THE OTHER NIGHT AND DON'T THAW OUT TILL SUNUP. I KEPT WARM THOUGH MY CANTEN WAS HANGIN' ON THE CAMPFIRE ALL DAY SO I OPENED IT IN THE TENT AND WASH STEAM HEAT ALL NIGHT.

ICE THAT FREEZES IN THE NIGHT YOUNG MAN! STEAM AT SUNRISE WITHOUT MELTIN'. THE OTHER MORNING, HAILSTONES PUT HOLES THROUGH MY HAT BUT NONE OF 'EM TOUCHED THE SAND. THEY EXPLODED TWO FEET FROM THE GROUND. IT'S THE SUDEN CHANGES I DON'T LIKE WHEN YOU'RE IN THE SUN YOU DON'T DARE WALK INTO THE SHADE OR IT'LL STOP YOUR WATCH.

TOOK A NAB YESTERDAY THERE WAS MUCH NOISE AND I WROKE UP AND FOUND NOISE AND EARS. I COULDN'T HEAR A WORD OF THE WAIN DOWN THE SLOPE. BUT MY LEAD PENALTY WAS MORNING. YOU IS WELL WITH YOU. IS WELL WITH YOU. IS WELL WITH YOU.

## SEES BUSINESS STABILITY

Activity in Retail Trade Well Sustained; Freight Car Loadings Increase Over Last Year

General business at midyear shows a strong tendency toward stabilization, notwithstanding the persistence of marked irregularities, according to the monthly survey of the Guaranty Trust Company of New York.

The culmination of an upward swing in production and the volume of business activity as a whole was reached early this year at levels comparable to the high points reached in the first quarter of last year. But in contrast to the sharp decline in activity which brought midsummer business in 1924 to the lowest level since the spring of 1922, the recession this year was halted in April. Further declines in production in May, with distribution remaining active, have apparently brought a nearer approach to equilibrium.

**UNEMPLOYMENT LOW**  
In some lines of production, the usual seasonal slackening is now apparent. Inventories are in most cases conservative; involuntary unemployment is low; and a high rate of consumption is maintained in many lines, in contrast to the decline a year ago. The country's foreign trade in the first five months of the year shows important gains over that for the corresponding months of 1924. Interest rates continue to show a downward tendency, and only moderate advances, if any, with the passing of the summer slackness in credit demands. Activity in the money market is well sustained. Freight car loadings remain well above the corresponding figures of last year, although traffic as measured by tonnage in the first four months of the year showed a corresponding increase of less than 1 per cent. Commodity price averages have been more stable in recent weeks.

These conditions tend to maintain essentially sound bases for general expansion of activity. The most uncertain indication of the volume of business to be expected in the latter months of this year is the prospective agricultural yield. There is promise of no such enhancement of farm products as was experienced last year. But, notwithstanding the adverse effects

### MONEY COMPARISONS

The differential between short-term money rates in London and New York, amounting to approximately 1 per cent, is attractive for American capital, now that sterling has returned virtually to its prewar parity. This differential and its effect upon sterling exchange are well illustrated by the following comparison of short-term money rates in the two financial centers since the inauguration about the end of February of discount rates of 5 per cent by the Federal Reserve Bank of New York.

	March	April	May	June
30-day bills—	10 1/2	10 1/2	10 1/2	10 1/2
60-day bills—	10 1/2	10 1/2	10 1/2	10 1/2
90-day bills—	10 1/2	10 1/2	10 1/2	10 1/2
120-day bills—	10 1/2	10 1/2	10 1/2	10 1/2
180-day bills—	10 1/2	10 1/2	10 1/2	10 1/2
240-day bills—	10 1/2	10 1/2	10 1/2	10 1/2
360-day bills—	10 1/2	10 1/2	10 1/2	10 1/2
London—	11 1/2	11 1/2	11 1/2	11 1/2
New York—	10 1/2	10 1/2	10 1/2	10 1/2
Differential—	1 1/2	1 1/2	1 1/2	1 1/2

While these quotations cover the very highest grade of three-month and short bankers' bills in London and bankers' acceptances in New York, they indicate the strong activity in the money market for American funds at this time. Other classes of money rates in New York, such as six-months' commercial paper at 3 1/2 per cent, and brokers' time loans at 4 per cent, which have remained steady since the middle of the month, serve to emphasize the favorable feature of current money rates in London.

There has been no seasonal decline of short-term money rates such as usually occurs in this market from April to June, since the slight softening that took place in April. Nevertheless, capital for investment has been so abundant that bond prices advanced without the stimulus of a softening in rates for short-term funds.

## IRON TRADE CONDITIONS SUMMED UP

Note of Hopefulness is Found in Weekly Survey of Industry

(CLEVELAND DISPATCH) CLEVELAND (O.) July 2.—With the first half of the year spent, the iron and steel industry can find more satisfaction in the form of the volume of its production than from the market. The output of pig iron and steel during the first half of the year shows the largest tonnage for any similar period since the war, except 1918. Prices have a group average \$1.50 a ton below the corresponding months of 1924 and \$5 a ton below those of 1923. Barring 1922, there has been no year showing since the war excess of productive capacity.

Hand-to-mouth buying and vigorous competition produce this result. The immediate market continues to reflect the presence of these same factors. Conditions appear more and more to have settled down to a point, where the volume of buying is well sustained and operation subject to unimportant changes. The Carnegie Steel Company has relinquished its stock at Pittsburgh. Iron production during the first half of 1925 was approximately 18,950,000 tons, according to figures on statistics covering June. This compares with 17,423,417 tons for the same period of 1924 and 10,824,461 tons for 1923. The June output index showed a falling off from May of about 232,000 tons, or 6.6 per cent on a daily basis. The small loss in furnaces blown out during the month suggests the process of curtailment, running since March, has about reached its end. Price conditions with steel products remain spotty with a slight inclination toward greater steadiness.

Dullness in the railroad equipment market has been broken by some new sales and inquiries. The Southern Pacific is figuring on building 3000 cars for itself and may buy others in the open market. The Missouri Pacific is also building 3000 in its own shops. The Great Northern has placed a 2000 order for the Norfolk and Western Railroad. The Norfolk and Western Railroad is in the market for 46,500 tons of rails. French competition figures again in the western pipe news, which continues to show large tonnages being bought by municipalities or other consumers. Of 15,000 tons for Greenville, S. C. French makers will supply 9000 tons. They are also low on 2200 tons for the Panama Canal. The Iron Trade Review, composite of fourteen leading iron and steel products this week, is \$17.45, the first gain in nineteen weeks, compared with \$17.33 last week and \$18.37 one month ago.

## Wall Street Paragraphs

(COURTESY, 1925 New York Evening Post, Inc.) NEW YORK, July 2.—Reactionary movements dominated much of the stock market today, but there were offsetting rallies which brought a tone of irregularity to the list. Money rates were favorable to constructive effort, as they dropped below the morning renewal, but from the fact of an approaching holiday it was assumed that advantage would be taken of a firm tone to lighten loads of long stocks. The market was guided by a new leader, as Studebaker, hazard of the group, rushed to a new top for the year. Lower priced shares took a hand in the action of this family, being brought into popularity by growing earnings and, in isolated cases, by suggestions of higher dividends. The railroads have been important in the market, largely in response to faith placed in the carriers by banking houses closely watching the trend of earnings of the roads. Specialty movements were abroad and the street resounded with tips bearing on future market prospects for the stocks thus singled out from their companions.

## THE LOANS SUBJECT

Greater interest had been created in the market by the boiling process through which prices lately had gone, and while it was comparatively slight, according to

Contracts were let for two theaters for the theater at Mesa and Slauson, which is to be of 2000 seating capacity. There will be stores on the ground level of the building, offices, apartments and a ballroom. The ground, it is announced, cost \$150,000; the building will cost \$300,000 and its equipment \$100,000. There will be a stage and a huge orchestra pit.

Will Cost \$250,000  
The second West Coast Theater, which is to be operated jointly with the Southside Theaters, will be built by the Warner Construction Company, and will cost \$250,000. It will seat 1500. The building will be of semi-Spanish architecture and will house several stores in addition to the theater. Southside Theaters, Inc., now has a theater under construction at Moneta and Manchester avenues.

Warner Brothers' theater is planned to cost \$1,250,000. It will have a seating capacity of 3400. It will be four stories high and in addition to the theater will have a ballroom, a roof garden and promenade and shops and offices. The stage will be large enough, it was declared, to accommodate 100 musicians and 100 dancers. The theater will be used for the world premieres of Warner Brothers pictures, and for the production of other productions. The theater, it is announced, will make Warner Brothers the only distributor of pictures in Los Angeles.

Part of Wilcox Estate  
The site of this theater was leased from the Wilcox estate, one of the last remaining portions of a large ranch which was purchased originally for about \$10 an acre. It has a frontage of 186.15 feet on Hollywood Boulevard, and of 123 feet on Wilcox avenue.

Long Beach Four-car trains will operate at ten-minute intervals. Newport and Balboa will have a forty-minute schedule throughout the day. A twenty-minute schedule has been fixed via all lines to Redondo Beach. Between 8 and 9 a.m. trains will leave the Main-street station every five minutes for Wilmington handling Catalina-bound passengers will be available.

Friday evening at 7:10 p.m. extra service will be operated to Mr. Lowe to care for week-end visitors.

Calendonian Celebration  
The Calendonian Club will stage a Fourth of July celebration at Plummer Park, 1466 Santa Monica Boulevard, Hollywood. The program will include sports, games, Highland dancing competitions, and the Cowie Juvenile Pipe Band.

By a "Times" Staff Correspondent  
LONG BEACH, July 2.—The Long Beach Municipal Gas System, now in its second year under municipal ownership and operation, will be delivering a total of 50,000,000 cubic feet of gas per day to consumers by August 1. The program will include sports, games, Highland dancing competitions, and the Cowie Juvenile Pipe Band.

## RADIO DEALERS' BILL DELIGHTS

Group Sponsors High-Class Entertainment

Talented Cellist in Initial Appearance at KHJ

Vaudeville Team's Song and Patter Heard Again

BY CLAIRE MELLONINO

Radio, like religion, seems to present many angles, and when made the subject of discussion usually leaves the participants as far from a complete understanding as they were in the beginning. But of radio there is one element beyond discussion and that is the necessity of co-operation between all parties concerned. The station on one hand, bends every effort to give only the best of music and educational matter. This in a sense, is governed by the degree of generosity demonstrated by our patrons. Into this class come the radio dealers, who, more and more every day realize the important part they must play in the erection of this new structure which we call radio. How thoroughly some of them are doing their share was exhibited last night at KHJ, where a delightful program was presented by several members of the Radio Manufacturers' Association of Southern California.

The contributors were L. C. Bishop of the Dictagraph Products Company; W. D. Scott for Herbert H. Frost Company and Gillman Brothers; C. F. Fairly of the Kellogg Switchboard and Supply Company; R. M. Levy of R. M. Levy Co.; H. H. Macaulay and Clyde Marshall, Jr. David N. Marshank of Marshank Sales Company; A. J. Tobey of A. J. Tobey Inc.; Leonard J. Smith and Carl A. Stone.

**NEWCOMER HEARD**

The program, arranged by Walter Biddick, presented the Arion Trio, Ford and Glenn, Mr. and Mrs. Bob Spindler, Karl Brandenburg, tenor; Mr. and Mrs. A. J. Rutter, vocal duet; Lilyan Bjorkstrom, character reader, and Paul Langer, cello.

In Paul Langer we had the honor to introduce a musician who arrived in this city last night, the decorations of royalty. He was a prize pupil of David Popper, the famous cellist and composer, and prior to coming to this country he was instructor to the King of Montenegro. This monarch was the owner of the 18-year-old cello, which he received from Victor Emmanuel of Italy. Upon the Montenegro ruler's death, it was presented to Paul Langer for his artistic service. One of the selections he gave last night was inspired by a melody which the King of Montenegro used to whistle.

Ford and Glenn are a team of pleasing young men who have had considerable broadcast experience in Chicago and who were introduced to KHJ listeners several nights ago on the children's hour. They have a wide repertoire of clever songs, humorous patter, and they respond easily to each other's leads. Their songs have been backed for the Orpheum circuit.

**TALENTED COUPLE**

One of the most beautiful manifestations of a union of two souls is to find a man and wife whose interests and desires converge in music. Consequently we were overjoyed to present two talented couples in Mr. and Mrs. A. J. Rutter, both possessing pleasing voices, and Mr. and Mrs. Bob Spindler, whose ability embraces the mandolin, guitar and harp.

Karl Brandenburg, whimsical lyric tenor voice, and the humorous experiences of "Carver, the All-Round Salter," described by Lilyan Bjorkstrom, completed the evening.

The matinee hour, presented by the Pacific States Electric Company, consisted of the Arion Trio; Melba Melrose, soprano, playing her own guitar accompaniment, and Ford and Glenn.

The noon period dance music was furnished with vim and splendid rhythm by the Frits Jan Orchestra under the direction of Kenneth Morse.

After the youngsters' knowledge of American history had been increased by Prof. Walter Sylvester Hertzog, they were entertained by Dickie Brandon, screen juvenile; the Holtenbeck Trio; Tris Jeannette, 16-year-old pianist; Leola DeBacco, 18-year-old reader, and our little "Bunny" Jane Hughes.

At 7:45 p.m. Philip M. Loyall discussed the "Theory on Toxicity."

Don't miss the train for Mr. Lewis tonight. The Pacific Electric Railway is giving the party, which will begin at 8 o'clock. All aboard!

## ARRESTS START DRUG DRIVE

Seizure of Three Leads Officers on Trail of Supposed Narcotic Plant, Expected to be Captured

With the arrest yesterday of three men on charges of violating the Harrison Act and confiscation of \$340 worth of French cocaine, Acting Captain Littlejohn of the police narcotics squad announces he has taken the first step along a winding trail that will lead, he believes, to the discovery of one of the largest plants of narcotics in Southern California and the probable arrest of many other alleged drug peddlers.

The men arrested were J. C. Weldon, 37 years of age, a Littlejohn who is said to be well known in cinema studios and around circuses; Fernando Yalas, 46, of 2535 East Second street, and Ramon Duran, 35, of 739 South San Pedro street. Yalas, Capt. Littlejohn stated, recently arrived from Mexico City.

The movements of all three men have been closely watched by Littlejohn and his staff. Tris Jeannette for the last month after it was learned, it was said, through underworld channels that they were in possession of narcotics.

Officer F. A. Murphy of the narcotics squad, Incognito, made the acquaintance of Weldon, Littlejohn declared, and through him arranged to purchase the cocaine. The purchase was made at Colton and Beaudry streets by Murphy. It was stated, while Officers J. H. Murphy and Moran and Capt. Littlejohn looked on, Weldon, they said, was accompanied by Yalas and Duran. The cocaine was wrapped in a breakfast-food box.

From the men arrested, Littlejohn declared, the police have obtained information that a large amount of both cocaine and morphine has been smuggled into Los Angeles.

## Pacific Electric Has Program

Judge Thompson to Speak on George Washington

## K-H-J BAN IS PUT ON SIRENS OF POLICE

Officers Also Warned Not to Exceed Speed Deadline Except in Emergency

Removal of sirens on all police cars, except those on ambulances and the few used by the syndicate squads, was ordered yesterday in order to give residents in many sections of the city a chance to catch up on their sleep.

The order stripping the police cars of the wailing sirens is effective at once. It was issued by Acting Captain Sweeney, in charge of the police transportation department, after a conference with other police executives.

Capt. Sweeney explained the order by a statement that the shrieks of the residents torn from sleep has about exceeded the volume of noise made by the sirens.

At the same time, Capt. Sweeney warned officers that twenty-five miles an hour is their speed deadline when not answering an emergency call and that even ambulances cannot exceed this limit unless they are actually racing to aid someone whose life depends on immediate treatment. Minor injuries, such as fractures and bruises, cannot be construed as emergency cases, he warned.

**Notables Will Participate in Writers' Meet**

The regular Wampus meeting at the Writers' Club next Monday evening promises much enjoyment. Ray Combs, publicity director for Samuel Goldwyn-George Fitzmaurice productions, is the chairman for the evening.

Many celebrities are scheduled to appear as guests of honor. Montague Glass, world-famous humorist, who is here preparing the story for the third of Samuel Goldwyn's "Potash and Perlmutter" features, will speak as will also Commodore J. Stuart Blackton, whose reminiscences of the infant days of the industry promise another riot of merriment.

George Fitzmaurice, director-producer, at present producing "The Dark Angel" and "Henry King, now directing "Stella Dallas" for Samuel Goldwyn, will speak; and Fred Hall, dramatic critic of the New York Times, is expected. Other surprises are being planned.

**Theater Man, Head of Skit, Faces Arrest**

A warrant for the arrest of Charles Geoffron was issued yesterday by Police Judge Pope after a complaint had been filed charging Geoffron with permitting children to appear at the Pantages Theater without a State license.

Geoffron is said to be the manager of a troupe of ten children ranging in age from 8 to 16 years. The children, who appear in what is known as a burlesque act, left Detroit in December, 1924, and have been on the road since. They appeared at the local theater Monday night.

Department of Labor officials learned of the performance and the complaint yesterday resulted. Subsequently licenses were obtained for the child performers.

**Girl Arrested in Auto Crash Injuring Three**

Three men, all brothers, were sent to the Receiving Hospital, one man was arrested on a charge of transporting liquor, and one young woman was arrested on a drunk charge early yesterday as a result of an automobile accident at Vine street and Santa Monica Boulevard, Hollywood. The arrests were made by Officers Keeland and Hammond of the Hollywood police.

The three injured men gave their names as Perry, Ben and J. C. Todd. S. H. Woodward was charged with violating the Wright Act and a Miss C. Stalk was charged with drunkenness. The three brothers were riding in a machine which collided with that occupied by Miss Stalk and Woodward.

## I See by Today's "Times" Want Ads—

That large department store wants experienced saleswomen for all departments.

That advertiser wants to buy high-grade western saddle and bridle.

That party leaving city wants offer on nine-piece, hand-carved solid oak dining suite—cost \$700.

That steady work and good salary is offered to musicians on piano, saxophone, banjo and drums.

## NEWS OF THE CAFES

The Greenwich Village Cafe in the Christie Hotel, Hollywood, is having as its guest of honor tonight, the smiling Irish boy, Pat O'Malley, a screen star of nationwide popularity, who has just signed a lucrative contract with the Universal corporation, and is to celebrate tonight by delivering a speech entitled, "The Irish Boy and the Screen."

The order stripping the police cars of the wailing sirens is effective at once. It was issued by Acting Captain Sweeney, in charge of the police transportation department, after a conference with other police executives.

**Two Bandits Rob Woman of \$8400 Jewels**

Accosted by two soft-spoken hold-up men as she stepped out of the garage in the rear of her home at 2035 North Hobart Boulevard late Wednesday night, Mrs. E. M. Hilton was robbed of jewelry valued at \$8400.

A similar report was made by J. M. Whelan, 1818 Formosa, who told of the loss of \$70 in currency and approximately \$100 worth of jewelry.

**Director Webb is Called Cruel in Divorce Plea**

Millard F. Webb, motion-picture director, was named defendant in a suit for divorce filed yesterday in Superior Court by Mrs. Dorothy Webb.

The Webbs, who were married January 23, last, lived together but four months and thirteen days, according to Mrs. Webb's complaint, which gave June 10 as the date of separation.

Mrs. Webb asked a divorce on grounds of cruelty. She charged her husband called her indecent names and beat her. He was of a jealous disposition, she asserted, and unjustly accused her of misconduct. As a result of her husband's alleged treatment, Mrs. Webb stated, she is suffering from nervous and run-down condition. Webb makes \$500 a week, according to the complaint, which was prepared by Attorney Milton M. Cohen.

**STYLE CREATOR TO STUDY IN EUROPE**

Ethel Eaton of the Ethel Eaton Studios, Brack-Shops, left Los Angeles Friday for an extended tour of Europe, visiting the famous style centers. Mrs. Eaton, who is a type specialist, a creator of distinctive gowns, will sail the 8th inst. on the Berengaria and spend the greater part of her time in Paris, where she will study the trend of fashion among the leading couturiers there. She also will spend several weeks in London and make a short tour of the continent, returning here in the early autumn.

**EXTENDS PERIOD FOR POLICY PAYMENTS**

J. S. Van Slooten, general agent of the Penn Mutual Life Insurance Company, yesterday was directed by telegram from William Law, president of the company, to extend until August 1 the grace period on all policies of the company held in Santa Barbara, of which the grace period would mature between June 25 and July 15.

The spirit of Santa Barbara citizens in meeting the reconstruction task which confronts them is setting a splendid example to the nation.

## McGINNIS ADVANCED BY ESPEE

Assistant to Passenger Traffic Chief Succeeds to Parsons Vacancy

The appointment of F. S. McGinnis, assistant passenger traffic manager at Los Angeles, as passenger traffic manager at San Francisco, is announced today by Paul Shoup, executive vice-president of the railroad.

Mr. McGinnis takes the place of J. H. R. Parsons, who is retired on pension because of ill health.

C. L. Lohr, Paul, assistant passenger traffic manager at San Francisco, is transferred to Los Angeles to fill the vacancy caused by the promotion of Mr. McGinnis.

F. C. Lathrop, formerly of Los Angeles and at present general passenger agent in San Francisco, is appointed assistant passenger traffic manager at San Francisco.

Mr. McGinnis has resided all his life in Los Angeles and is prominent here in railroad and business circles. He is a native of the city and is 42 years of age. He graduated from the old Los Angeles High school and entered Southern Pacific service as an office boy at the freight station here in 1900.

Since beginning his railroad career, Mr. McGinnis has served as Pullman ticket clerk, ticket clerk, cashier at city ticket office, city passenger agent and commercial agent at Pasadena, district passenger agent at Los Angeles, general passenger agent and assistant passenger traffic manager.

Mr. Parsons has had thirty-nine years' experience with Southern Pacific and the Harriman lines. He was general passenger agent for the Southern Pacific in Louisiana from January 1, 1905, until January 1, 1911, when he was appointed vice-president and general manager of the Louisiana lines. On March 1, 1923, he was appointed assistant passenger traffic manager at San Francisco.

Mr. McFaul, who comes to Los Angeles as passenger agent for the railroad, has had a wide railroad experience.

**Hearings Are Arranged for Harbor Work**

A public hearing will be conducted by Maj. H. A. Finch, district army engineer, the 11th inst. at 10 a.m. in the Central Building, 103 West Sixth street, for the consideration of application by the Board of Harbor Commissioners to change the pierhead line joining harbor line stations 18, 19 and 20, in front of San Pedro, to a straight line joining stations 18 and 20, and to make the bulkhead line parallel to the pierhead line and forty feet shoreward thereof.

Application has been made by the Pacific Telephone and Telegraph Company for permission to lay a submarine cable across the main channel opposite Fifth street San Pedro, Maj. Finch announced.

Persons having objections to granting the permit should be present at 11 a.m. the 11th inst. in his office when maps showing location of the proposed cable will be on exhibition.

**Newlyweds to Honeymoon at Santa Barbara**

Mr. and Mrs. Harry McAfee left last night to spend their honeymoon in Santa Barbara.

McAfee, a well-known local architect, who has constructed a number of buildings in Los Angeles, Hollywood, Beverly Hills and around Arrowhead Lake, was married yesterday at noon to Hilda Meeker, Hergen, stepdaughter of the well-known motion-picture director. The ceremony was performed by Dr. Evans at All Saints Church, Beverly Hills, the best man being William Slater, Santa Barbara business associate of the groom, and the maid of honor, Miss Constance Meeker, a sister of the bride.

The determination of the newlyweds to spend their honeymoon in Santa Barbara was brought about by the emergency call received by McAfee to go there and assist in the reconstruction program.

**INTRUDER IN GIRL'S BEDROOM BOUND OVER**

James Ely, 24 years of age, was held for trial yesterday by Justice Blake on charges of burglary and assault with intent to commit a statutory offense. He is charged that on the evening of June 28, last, he climbed through a window in the home of Miss Ruby Bird at 321 East Ninety-second street. When he attempted to attack Miss Bird, according to testimony, she screamed and aroused members of the family who held him until the arrival of police. Ely's defense, it was indicated yesterday, will be insanity. He was held in jail in default of \$10,000 bail.

Phone BR 1111, 737 S. Main Street. MAIL ORDERS PROMPTLY FILLED.

## Action Against Fox Firm for Pay Opened

The suit of Fred Klay, now the production manager for Cecil B. DeMille, against the Fox Film Corporation for \$10,000 claimed due on a contract, began yesterday before United States District Judge James with Klay as the principal witness.

Klay testified he had been for ten years studio manager of Famous Players-Lasky and that he was hired in May, 1923, as general studio manager at the Fox lot at \$750 a week. After a couple of months, he said, his title was changed to location manager and he was forced to take orders from everybody, but especially the auditor. To cap the climax his salary, he said, was stopped in August, 1924.

The case will continue today.

**ASK ANY DENTIST if a dentifrice can do more than clean.**

**Dr. Lyon's POWDER CREAM**

**CLEANS TEETH SAFELY**

**Cocoa Milk Shake**

**—Make It at Home**

Enjoy this soda fountain drink at home. You can make it easily and quickly—and better perhaps than the soda fountain.

Refreshing—cooling—tempting and most nourishing.

**DIRECTIONS**—In a tall glass put two tablespoons finely crushed ice and three tablespoons Cocoa Syrup. Add slowly two-thirds cup milk, stirring until smooth. Top with a spoonful of whipped cream or ice cream.

**Serve for guests and family and at the picnic—a drink for any time.**

**BISHOP & COMPANY**

**In Los Angeles Since 1887**

**COCOA SYRUP**

**Soda Fountain Style**

Take 1/2 cup sugar, 1/2 cup water, mix sugar and water, add enough water to make a syrupy consistency. Add 1/2 cup of the water, boil slowly 5 minutes. Cool and add Vanilla.

# Polytechnic High School Graduating Class Unusual One

Largest and Most Active Class of Recent Years at Polytechnic High School was graduated last week at the first commencement exercises held in the new Poly auditorium. It was one of the few graduating classes of this June in which the boys outnumbered the girls, 154 of the class of 281 being male students. Because of the size of the class, it was divided at the graduation exercises to permit all to sit on the rostrum part of the time. Diplomas were presented by Mrs. George H. Clark of the Board of Education. (Photo by M. F. Weaver.)

"Sun Kist Maiden of California," otherwise Miss Violet Oliver, who will preside over the international convention of Lions Clubs at Cedar Point, Ohio, is pictured above greeting Eddie Gore, president of the Los Angeles Lions, at Chicago. (P. & A. photo.)

Men of Frontier Warfare Rivaling Those of British in India, Afghan and South Africa, are finding their way back to Europe from the battlefield in Morocco where the French and Rifian tribesmen are locked in border war. In the above photo several of the sixty Algerian riflemen who held Sker against the Rifis for weeks, are shown being carried back to hospital in the rear for treatment of wounds. (P. & A. photo.)

Canton Merchant Volunteers, organized to protect their lives and property in the anti-foreign rioting that has been in progress in several of the larger Chinese cities, are shown above ready for duty. (P. & A. photo.)

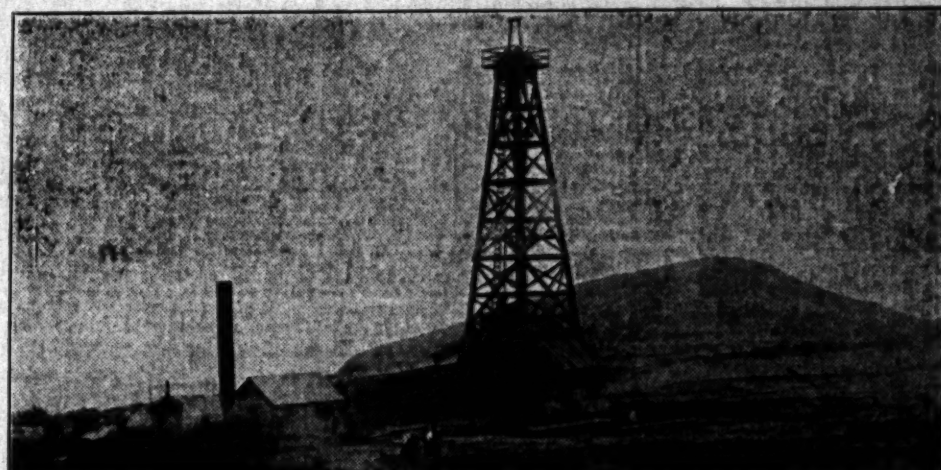

Sawing Wood Built the Strength that enabled John Coolidge, father of the President, to survive a recent major operation at the age of 80. Coolidge, senior, is pictured above at his favorite exercise. (P. & A. photo.)

Under Leadership of Fritz Reiner, conductor of the Cincinnati Symphony Orchestra, the 100 musicians who will compose the Hollywood Bowl Orchestra during the summer concerts, have begun rehearsals. Photo shows Reiner in characteristic pose during rehearsal.

When the Cloudburst Hit Tejon Pass it carried debris of all sorts from the hills into the valleys. Photo shows culvert near Oak Glen Camp, with part of railing swept away and its deck covered with logs and branches. (Times photo.)

One of Most Interesting Petroleum Prospects of the moment is the wild-cat well at Point Duma, on the famous Malibu Ranch. The above photo, the only one ever taken of the well, was obtained by George R. Watson of the Times staff.

Millions Were United in the recent wedding of Mrs. Matilda Dodge, widow of John Dodge, automobile manufacturer, and Alfred G. Wilson, millionaire lumberman of Detroit. Bridal couple shown above. (P. & A. photo.)

En Route to Governor's Convention at Portland, Me., Her Honor, Gov. Nellie Ross of Wyoming, and her young son, were caught by cameramen during their brief visit in New York. The arrival created considerable interest. (P. & A. photo.)

"This is the Life," declares Irene Castle, who has completely retired from public life to care for her infant daughter. Miss Castle danced her way into the hearts of thousands the world over before she became a mother. (P. & A. photo.)

LETTERS TO THE EDITOR

That Repulsive Attraction  
LOS ANGELES, June 30.—[The Editor of The Times:] The year—has read with no interest your editorial in a review of where you devote a great deal of space to the neurotic modern literature.  
Particularly it is noted that you all at considerable length quote, under Dreiser's latest novel, "The Financier," as being a typical example of the literature and what to read, warning your readers that such a book should be avoided by old and young.  
While I am not necessarily a supporter of this type of literature and inclined to agree with many of your observations on the subject, nevertheless you have made this appear to be so degrading and so repulsive that I feel compelled to protest my disapproval of your editorial in a review of where you devote a great deal of space to the neurotic modern literature.  
Particularly it is noted that you all at considerable length quote, under Dreiser's latest novel, "The Financier," as being a typical example of the literature and what to read, warning your readers that such a book should be avoided by old and young.

COUNCILMEN IN SPENDING MOOD

Emergency Workers Kept at \$15,415 a Month

Lawmakers, However, Frown on Engineer's Plea

Committee Meeting Days Are Fixed at Session

With some of them having had one day's experience in the new City Council which fifteen municipal statesmen settled down yesterday to real business, and so as not to be bothered with the details by a blanket resolution continued on the pay roll eighty emergency employees at an expense of \$15,415 a month. There was every indication, from the liberal and generous spirit shown by the Councilmen that these employees would be retained on the pay roll for the complete fiscal year, as soon as the necessary ordinance was adopted.

WIFE ASKS TO DIVORCE CLEVELAND

Beach Amusement Owner Accused With Vaudeville Actress in Suit

George B. Cleveland, said to be an officer of a large amusement company in Venice and the owner of interests in several theaters and concessions in Venice, Ocean Park and other beach cities, has been sued for divorce by Mrs. Cleveland, it was learned yesterday. Mrs. Cleveland named as co-respondent Genevieve Flagg Chain, wife of a vaudeville actor, now playing on the Orpheum circuit with the team of Chain and Archer. By a curious coincidence the team is booked next week at a Venice theater in which Mr. Cleveland is interested.

Laymen Plan to Rebuild Church in Channel City

Laymen of Southern California Methodist Episcopal churches will undertake to rebuild the Methodist Church destroyed by the earthquake at Santa Barbara. Beginning of the campaign will take place at a meeting in the First M. E. Church, Los Angeles, Monday, 8 p.m., of the Southern California Laymen's Association. President J. W. Patterson, Long Beach, called the meeting.

Mrs. Holleran is Spared Term in Penitentiary

Freedom instead of one to four years in prison was given yesterday by Judge Crall to Mrs. Mary Holleran, former wife of a wealthy Boston banker and once known in Boston as the "White Angel of the Slums." Mrs. Holleran was so affected by the change in her sentence, which was given several days ago, that she screamed and fainted and had to be carried into the judge's chamber and revived.

Murder Trial Opens Against ex-Policeman

Trial of the murder charges against J. J. Hickey, former police officer and son of a veteran detective lieutenant, began yesterday before Judge Keesh. A jury of nine women and three men was selected, and Dr. A. F. Warner, County Autopsy Surgeon, was called as the first witness. He described the revolver wounds in the bodies of Mrs. Irene Hickey and J. J. Hickey, Jr., the policeman's infant son, both of whom were killed. Witnesses who arrived directly after the shooting are to take the stand today.

WOMEN SPEEDERS JAILED

Defendant Faints When Judge Orders Her to Spend Next Ten Days Behind Cell Bars

Jail sentences for speeding were in order in Police Court yesterday, two women and one man being given no alternative of a fine. One of the women, Mrs. Cora Berish, of 615 West Seventeenth street, was the heaviest loser. Judge Pope, after hearing the testimony of how she had, on May 18, eluded two motorcycle officers by driving her auto faster than they could ride their cycles, sentenced her to ten days in the City Jail. She gasped with astonishment, then swooned.

**Blanche Sweet in Danger When Boat Runs Wild**  
After a thrilling experience in a motorboat of which she had lost control during the making of a scene for a film in which she stars, Blanche Sweet, motion picture actress, is suffering from bruises and a slight nervous shock. It was reported from Monterey yesterday.

**ESPEE CUTS RUNNING TIME TO MEMPHIS**  
Improved passenger service between Los Angeles and Memphis, Tenn., effective tomorrow, the 3rd inst., was announced here today by P. B. McGinnis, assistant passenger traffic manager of the Southern Pacific Company.

**VENICE MOVES TO JOIN LOS ANGELES**  
The circulation of a petition by citizens of Venice for the calling of an election to vote on the question of the consolidation of Venice with Los Angeles was approved yesterday by the Los Angeles City Council. The vote of the City Council was unanimous.

**Martin Music Co.**  
734 South Hill TRinity 9621  
It is the only "Registering" Piano. By the use of a Music Roll you may do all that skilled fingers can do. Every make of music roll may be played on this instrument.

**Warning!**  
to  
Mattress  
Buyers

Either through ignorance or through sheer intent to deceive the public, some of the stores that do not handle the Sealy Mattress advise against buying it, suggesting that as sold on the Coast, the Sealy is not the genuine product.

That this is a preposterous insinuation made purely with malicious intent—can be verified either at Sugarland, Tex., for at new head office—Chicago.

**The Original Sealy**

Tuftless Mattress offers you many more years of much greater sleep comfort than any other mattress.

"Your body deserves a Sealy"

Call "Direct-U"—Metropolitan 0700 for names of SEALY dealers.

## WHERE TO GO—HOW TO GET THERE

Quick answers to questions regarding resorts, hotels, theaters, schools, depots, etc., may be had by calling up The Times Information and Resort Bureau. Telephone MET 0700.

## Of Interest to Women.

## Diet and Health

By Lulu Hunt Peters, M.D.

## A FEW FIRST AIDS

Not many years ago, in the old-fashioned celebrations of the Fourth, we could be sure that there would be many minor accidents and many fatalities. However, even with our saner celebrations of today, we do have some accidents, so I'll take up briefly a few first-aid treatments.

## BLANK CARTRIDGE WOUNDS

Remove all portions of the wound. Leave the wound open, and if necessary, have it opened further by a physician so the oxygen of the air (in which the lockjaw bacillus will not grow) will reach it. Pour in full strength peroxide of hydro-

gen. This liberates oxygen. The antiseptic (lockjaw) serum should be given at once. When this is given, there need be no fear of death from lockjaw.

## CUTS AND WOUNDS

First, remove all particles of dirt that can be removed. Cleanse with boiled water or pour in full-strength peroxide of hydrogen. Paint over with half iodine and alcohol and put a sterile piece of gauze over the wound until a physician can be seen, if the wound is of any size.

## BURNS

If the burns are of all extensive medical attention should be sought at once, because even though they are superficial they cause a great shock and there are poisons absorbed from the burnt tissue which may profoundly affect the kidneys. While waiting for the physician, immerse the part or, if necessary, the entire body in a bath of warm, slightly salted water (one teaspoonful to the quart, or a cupful to the bathtubful). This relieves the pain and is one of the modern treatments for extensive burns. Do not tear off bits of clothing that stick to the burn; cut around them and let the water soak them off.

Children should be taught what to do if the clothes catch fire and I think it is wise to have a little drill once in a while. Pretend that the clothes are afire and teach them what to do; that is, if a rug or blanket or coat is near, to wrap tightly around themselves and lie on the floor and roll over slowly. If nothing is handy to wrap around, to lie on the floor, roll slowly and beat the body with the hands. Teach them not to run, as that fans the flames, but to call loudly for help.

Small burns while not of particular danger, may be exceedingly painful, the pain being way out of proportion to the size. We all know what great relief comes from holding a burn in cool water, and if you can do this, there is no reason why you should not. There is an old theory that by holding the burned member in hot water the fire would bring out the fire, or something to that effect. There's nothing in that, and it only intensifies the pain.

A good treatment for small and moderate-sized burns, where the skin is not broken, is freshly scraped potato pulp. The potassium salts of the potato tend to neutralize the overacidity in the burned tissue, and the evaporation and the alkali causes lessening of the pain. The pulp has to be changed very often. Another simple treatment to lessen the pain is to bandage thickly and keep the bandage moistened with witch hazel.

After the smarting stops the burn should be left. But if the blisters are large, break them. Break them with a sterile needle. Break them with a sterile needle. Break them with a sterile needle.

My Dear Patients: When sending for material which we offer you, please remember to include a stamped envelope bearing your full name and address. The envelope is the only way in which we can insure that you receive the material you need. Make them as brief as possible, but give your name and address in full. Please give your name in full, and your address in full. Please give your name in full, and your address in full.

## CHEF WYMAN'S Suggestions for

## TOMORROW'S MENU

**Breakfast**  
Sliced Figs and Cream  
Poached Eggs  
Toasted Plum Jelly  
Milk

**Luncheon**  
Pig's Feet in Jelly  
Potato Salad  
Hot Rolls  
Peach Dumpling  
Milk

**Dinner**  
Consomme Frappe  
Sliced Pickles  
Baked Ham Jelly Sauce  
Spinach Baked Potatoes  
Orange and Celery Salad  
Cherry Pie

**PLUM JELLY**  
Place in a preserving kettle ten pounds of firm ripe plums and add just enough water to cover, bring to a boil and simmer until soft, pour into a jelly bag and drain without squeezing. Measure the juice, return to the kettle and add twenty minutes; add an equal amount of dry sugar and boil until a little will fall when dropped on a cold plate. Pour into clean glasses and seal while hot.

**PIG'S FEET IN JELLY**  
Place four cleaned pig's feet in a bowl, cover with cold water and let stand three hours, drain, place in a pot and barely cover with cold water; bring slowly to a boil and simmer gently until tender; remove from the fire and draw out all of the bones, return to the liquid, add one teaspoonful of finely chopped sage, one tablespoonful of finely chopped parsley, and a seasoning of pepper, salt and nutmeg. Simmer slowly until the liquid is reduced to a jelly. Pour into a wet bread pan, set in the ice box for three hours. Pack around with lettuce-covered platters.

**POTATO SALAD**  
Mix in a cold bowl rubbed with half-and-half (carron oil)—is smelly and not so effective, in most cases.

If the tissue is broken so that blisters are formed, the blisters should be left. But if the blisters break they had best be cut off. This is because infection is liable to get under them and cause suppuration.

Tomorrow—Today's The Fourth!

# We challenge the world for flavor and crispness

FOR a wonderful, cool, tempting hot weather feast—

Just compare Kellogg's Corn Flakes with anything else in the world.

Marvelous flavor. Crisp, crunchy, crackly deliciousness that delights everyone!

Serve Kellogg's instead of hot, heavy foods. They help keep you cool, cheery and fit these warm days. Always welcome with cold milk or cream. Delicious with fruit added.

Only Kellogg's Corn Flakes can satisfy 10,000,000 people every day. People who demand tempting flavor and crisp flakes.

They're never tough-thick or leathery. Kept always oven-fresh in the exclusive inner-sealed Kellogg wrapper.

Sold at all grocers. Served at all hotels and restaurants.

# Kellogg's

## CORN FLAKES

Imitations cannot bring you such wonderful flavor—such crisp, crunchy flakes. The only genuine corn flakes have the signature of the originator.

## Frank I. Wheat Succumbs Family Ho

Frank I. Wheat, 41 years old, died this morning at his home, 514 North Avenue 16, after a day of illness.

Wheat had been secretary of the Pierce Brothers funeral home for sixteen years. He was a member of the First Congregational Church here.

Mr. Wheat was born in Warren county, New York, and lived in Los Angeles for many years. He was a member of the University Club.

He leaves his widow, Mrs. Wheat, and a son, Ernest Wheat, and a daughter, Mrs. Pearl Maude Quintana of the Railway Commission.

Funeral services will be held at 10 o'clock tomorrow morning at the home of Mrs. Wheat, 514 North Avenue 16.

Interment will be in the Hollywood Cemetery.

The body will be in state at the home of Mrs. Wheat, 514 North Avenue 16, until 10 o'clock tomorrow morning.

The family will receive friends at the home of Mrs. Wheat, 514 North Avenue 16, from 10 o'clock tomorrow morning until 10 o'clock tomorrow night.

The family will receive friends at the home of Mrs. Wheat, 514 North Avenue 16, from 10 o'clock tomorrow morning until 10 o'clock tomorrow night.

EUROPE FOR LLOYD

COMEDIAN TO TRAVEL, AND MAKE TWO FILMS

By Grace Kingsley

That Harold Lloyd will make two pictures in the next few months and that he will take his long-deferred trip to Europe, were the interesting announcements forthcoming from the Hollywood studios yesterday.

The comedian's first Famous Players-Lasky picture is now under way. He proposes to finish this by November, and will start on his second in time to complete it by next May at the latest.

This plan will give Lloyd an opportunity to take his trip to Europe with Mrs. Lloyd before the hot weather sets in next summer. Both the comedian and his wife have been looking forward to the trip for a long time, but Lloyd has never been far enough ahead in his production to enable him to take the journey. With two pictures completed he will have ample time to spend several months on the continent and in Europe.

The Harold Lloyd Corporation has exercised its option on the services of Johnny Ralston, and the young lady will be seen again in the next two Lloyd pictures. In the picture now under way, the comedian is giving Miss Ralston a better chance than she has had in any of her pictures since "Why Worry?" It would not be surprising if Johnny was featured individually soon after she completes her contract with Lloyd. Several companies have tried to get her for one or more pictures, but Lloyd has always declined to loan her. Warner Brothers recently sought her services, it is said.

Mildred Davis, who I needn't tell you is Mrs. Lloyd, is shortly to branch forth in her own company, making "Alice in Wonderland." She is even now trying on costumes and trying to make up her mind what color to wear any, she will wear. This production is to be made on an elaborate scale, and should be one of the big outstanding films of the year, especially since the way has been paved for the magic stuff by Douglas Fairbanks in "The Thief of Bagdad."

Lloyd is making no change in his production staff for the first Paramount production except that Sam Taylor will be sole director. Fred Wilde, Tim Whelan, Johnny Gray, Clyde Bruckman and Sam Taylor are assisting Harold with the story and gags.

Two Fair Players WRITE FROM CANADA

Hoot Gibson isn't wasting any time up there in the great open spaces of Canada. He is in fact making two pictures for Universal. One is "The Calgary Stampede," and the other is "Chip of the Flying U." Two of his fair young players have written me interesting letters from up there, and in a generous mood, I'm passing them on. Virginia Brown Faire and Emma Gregory are the young actresses in question.

"We had a peach of a trip and lots of fun coming up here," writes Miss Faire. "At Fortman the boys and committee met us, showed us the town, and gave us a good time during the three hours we were there. From there on all along the road the stations were crowded with kids waiting to catch a glimpse of Hoot Gibson. The station here at Calgary was, of course, terribly crowded, and we have been treated wonderfully. I had no idea that a brewery could be so interesting. I am almost sorry that I don't like beer. There was a big conference at the Mayor's office when he called, but he insisted on our going in. While we were there the nicest halloos you ever saw broke loose. The stones were as big as moth balls, and somebody began to cry, 'Hail for Hoot!'"

"The ranch is sixty miles from Calgary, all dirt roads, so you can imagine the ride out. But what a beautiful country! The horror of it is, though, that the sun doesn't go down until about 10 o'clock. So far we have been getting work about 5:30, which is bad enough, but you never can tell when they might decide to work as long as there is light."

"Hoot Gibson and I are both learning to play steel guitars, and when we get good enough we're going to broadcast from here. We have three Hawaiian boys with us to play for the picture."

"When we get to Calgary for the stampede, there should be plenty to write you about. I understand they just got wild during Stampede Week, when he went to ride the wild horses into the main hotels and up on the elevators."

Emma Gregory writes that she had only one day in which to get her clothes ready for the picture and the trip, and she had eight changes of wardrobe.

"All you can do during your spare time is to walk. So you can see we are leading a pretty fast life. People are getting to us, though. The minister of the church here is getting up an entertainment for us. These experiences are really great fun."

"The sun behaves very oddly up here, setting as late as 9 and never going to bed until 10. Some of the companies in Hollywood love that!"

De Mille Studio Bulletin

Bringing along a more or less sun-kissed company, Cecil B. De Mille has returned from the Grand Canyon, where he went to film opening scenes in "The Road to Yesterday." The members of the company travel back to town arrayed as to head gear in huge Mexican hats, which Mr. De Mille generously provided.

Production on the picture is continuing at the De Mille studio, with Joseph Shikhrant, Jetta Goudal, William Boyd, Vera Reynolds, John Ferguson, Julia Faye and Tris Frizgrange filling featured roles.

An interesting announcement came from the De Mille studio yesterday to the effect that one of the most important pictures of that organization will be an elaborate film version of "Strongheart," adapted from the play by William C. De Mille. The film will be called "The American," and Rod La Rocque will be the star. Rupert Julian will direct.

Professional-Jockey Note

Strongheart is not going to let a horse gallop off with the honors, not while there is a bark left in his body. Therefore, Howard Hughes has secured the rights to Rufus King's famous dog story, "North Star," and has negotiated with Producers' Distributing Corporation for the loan of Paul Powell, director of numerous successes.

Mr. Smith is bringing to Los Angeles his own production of this musical comedy, before being taken over by the picture company. He is an engaging, suave and original comedian, and promises to be a great local favorite. The featured dancers are Kitty Doner and her brother Ted Doner, both of whom are widely known and well liked in this city.

Ernest Wood, character comedian of Mack Sennett comedies and pleasantly remembered from "The Clinging Vine," is an able assistant comedian in co-operation with Hatch Graham, who makes the bawdy and skulky fairy tale.

The love interests center in Hal Van Rensselaer, a handsome juvenile actor, Margaret Colley Lewis, sister of the movie star of like name, Rose Doner and Beatrice Hough are a trio of young, beautiful and talented girls. The ensemble represents the many types of California beauty and charm.

Frank Smith has a lot to do with the staging of "Lady Be Good" and the dances were arranged by George Cunningham.

Don't Say Tomato to Pat

I wouldn't if I were you, say anything to Pat. Miller about tomatoes in case you chance to take her out to lunch. Life for Pat yesterday was just one long tomato after another. She was hit by flying tomatoes in "Hogan's Alley," lunched on tomatoes and then went home to a dinner of tomato soup.

"When father after dinner," said Pat, "I declared he was going out to plant tomatoes, my tongue got twisted with excitement, and I told him emphatically that he wasn't to plant any to-morrow-matoes in our yard!"

Fenton Wins Fox

All the promising young juveniles are being snapped up these days by the various picture companies. Leslie Fenton is the latest young celluloid shik to be signed on a long-term contract. Fox is the company which has secured his services. Fenton is a native of Liverpool, Eng., but inherited his blood from his grandmother. He played in "The Goose Hangs High" recently at the Playhouse, and afterwards played a prominent part in "Havoc," directed by Rowland V. Lee.

The Fox studios are fairly humming, the new production to get under way being "The Windmill Stair," adapted from A. E. W. Mason's novel. John Gish Way is directing. The cast includes Al Rubens, Edmund Lowe, Emily Fitzpatrick, Marion Hamilton, Warner Oland and Frank Leigh.

Virvan Rich in Vanderville

Virvan Rich has left the picture flat for a tour of the Orpheum circuit. She is appearing in Frank O'Connor's playlet, "With Fond Affection." The actress has been chasing the screen rights to this act and as soon as she returns from her tour will make a picture of it.

Fairbanks Engages Artists

Carl Oscar Borg, one of the most famous painters in the United States, whose paintings have won medals in many international competitions, has been commissioned to provide sketches for Douglas Fairbanks' next picture, "The Black Pirate." The artist has an isolated cave in the Mediterranean Sea, and Borg's first water colors of this romantic spot are beautiful.

The technicolor process is to be used in photographing many scenes in the picture.

Seeley and Fay Head New Bill at the Orpheum

Blossom Seeley and Frank Fay are the names in top type for the July 6. Blossom is a native product, who is still a prime favorite in the city where she made her stage name. She is a blonde, and brings a complete new act this year. Frank Fay is just as much a creature of the stage as his wife. Blossom is of the "Broadway" type, a musical comedy, "It's All a Fake," "Oklahoma," Bob Albright is one of the outstanding successes of the stage as a single entertainer, but he has Miss Jean King with him, also Leonard Stevens at the piano. He is a product of the cowboy days in his native State.

Ward and Van (DeMichele) brothers offer a novel combination of music and comedy. One of the finest of all trained horse acts. Also will come "Count" Emerson and "Baron" Baldwin, in their mirth-provoking "entertainment de luxe." Fred Bernard and Sid Garry, who are southern synopses of a new sort. News and topics are added to this entertaining bill.

CARNIVAL IS PLANNED FOR CINDERELLA ROOF

A gay Fourth of July celebration will begin at the Cinderella Roof tonight and continue tomorrow afternoon and evening. With its perfect cooling system, the Roof should offer an attractive place to celebrate the Fourth. Brilliant electrical displays, carnival features and jazz surprises from Glenn Oswald's "Singing Synopses" will be introduced.

On next Tuesday night Manager McCarthy has announced the first real Charleston contest of the season. All it champions Charleston steppers of the city have been enlisted to take part in this contest, which will show the Charleston dance as it is really done in New York.

Studio AND Stage

Kathleen Kirkham, who returned to the screen after two years' absence to play an important role in "Backcloth and Scarlet," produced by Henry King, has story, role of companion to Mary Brian in Raymond Griffith's first starring production for Paramount, "On Dress Parade."

Jacqueline Logan has left for the wilds of Canada, where she will play the leading feminine role in the Fox production of the James Oliver Curwood story, "When the Door Opened." Reginald Barker will direct. The story will be filmed in the territory Curwood has described in his book and will be Miss Logan's second picture under her new Fox contract.

Lloyd Whitlock, whose portrayal of a heavy in Paramount's production of "The Air Mail" won notable commendation, has been signed for a similar role in "The Ancient Highway," which Irvin Willat, who also directed "The Air Mail," will produce for Paramount.

Dorothy Phillips has appeared in two productions since her return to the screen. The first, "Every Man's Wife," will be released presently; the other, "Without Mercy," will be released later. In this production Miss Phillips displays great versatility, playing a role that calls for three different characterizations, the being of a woman 60 years of age.

Paul Powell has been signed by Howard Estabrook to direct "North Star," featuring Strongheart, for release through Associated Exhibitors. The story, by Rufus King, was adapted for the screen by Charles Moran. Production will start at the F.B.O. studio next week.

Curt Rehfeld, formerly assistant to Rex Ingram and recently discovered by June Mathis to possess a genius for motion-picture direction, is at present the talk of the industry. His first directorial effort is "The Viennese Medley," a June Mathis special for First National, and the success of his first week's work show him to have unusual talent.

Hunt Stromberg has borrowed Robert Edson from the Cecil B. De Mille stock company for an important role in "The Price of Fame," his new Harry Carey production. This will mark Edson's debut in screen westerns. Other members of the starring cast include Trilby Clark, Lloyd Whitlock, Fred Kohler, Evelyn Selbie, Tote Ducew and Jean Dumais. Edmund Mortland is directing.

Charles Mallet, one of the best-known character actors of the screen, has been added to the cast of "Ben Hur," which Fred Niblo is directing for Metro-Goldwyn-Mayer. Mallet will smart the role of Pontius Pilate in the crucifixion sequence, which is now being photographed.

Harvey Thers' scenario and titling work has made a hit with Warner Brothers and to him has been assigned the task of titling "Red Hot Tires," "My Old Dutch," which was used by Universal to star Mary McGray, was adapted to the screen by Thers.

Theodor Von Elza and other members of the Elza Productions Corporation company, have completed scenes at Los Angeles Harbor for their first picture. The picture is one of the series of sea stories in which Von Elza is being featured.

Blossom Seeley, who grew up in Los Angeles and made herself famous here before she took the "redol" to New York and introduced synecopation to that wise city, is "coming home" to the Orpheum next week. Yes, Blossom Seeley is with her. Yes, they have a wholly new act.

"White Collars" Starts Seventy-sixth Week's Run

"White Collars," the Edith Ellis comedy of middle-class life, continues to attract large and enthusiastic audiences to the Egan Theater, where the place is about to enter on its seventy-fifth week of popularity—a record for stage presentation outside of New York City not heretofore equaled.

"White Collars" has caught the public fancy to such an extent that hundreds of persons have returned to see it a second and even a third time. It is for all classes of theatergoers, devoid of anything vulgar or suggestive, and full of the heartiest laughs imaginable.

The Cousin Henry of Stuart Erwin is a creature of comment, while the handsome and capable leading man, Craig Ward, is winning hosts of friends. Playmate opposite Ward is the beautiful and distinguished young actress, Diane Edwards. Margaret Quinlan, as the coy flapper is a decided hit.

Betty Sinclair, Zella Covington, Blanche Douglas, Gordon White and Paul Kruger share in the hit success "White Collars" is making at the Egan Theater.

"Passing Show" at the Biltmore July Nineteenth

The new "Passing Show," which the Shuberts will present at the Biltmore Theater Sunday night, the 19th inst., sets a high mark for succeeding editions of the famous extravaganza. In fact, there are many critics who believe that this eleventh edition is the best attraction that has ever been produced at the New York Winter Garden, and very few persons who are familiar with the theater look to see it surpassed or even equaled by succeeding productions.

With Georgia Frica, Brendel and Bert, as Margaret Brown in the roles of principal fun makers, a host of lesser principals and more than seventy girls in an uproarious upheaval of lingerie and laughter, the new "Passing Show" is said to be one of the most melodious and scintillating productions ever seen on tour.

STIR BANK CIRCLES

Man Files Suit Against Angeles Financier

LOS ANGELES, July 2.—A conspiracy to seize the holdings of E. L. Olinde, president of the First National Bank of Los Angeles, and drive him from control of the banking circles of Orange and Los Angeles counties today, as alleged by a man who filed suit in the Los Angeles district court, was disclosed by a vice-president.

According to the complaint, the entire Egan stock, valued at \$147,000, was sold by Howard Egan, who is said to be E. L. Olinde's partner, to a point of forcing the stock to a wholesale price, and that a wholesale price was forced on the Egan stock officials in the district court.

AY VENICE TRUST

PARADENA, July 2.—Paradene building laws will be changed and reinforced concrete construction will be required in the erection of new buildings in an effort to make the Crown City safe from earthquake shocks. The new laws, which will be enforced by the city engineer, will require the corners of buildings to be reinforced with steel, and will also require the walls of buildings to be reinforced with steel.

Members of the Pasadena Building Association, who are working for the adoption of the new laws, are said to be confident that the new laws will be adopted.

# UNITY ASKED IN DEFENSE TEST

Citizens Urged to Enroll at Muster Ceremonies  
Reserves Will Have Chance to Determine Ability

## Many Gatherings Make Plans for Silent Salute

**BY LIEUT. COL. FAIRBANKS**  
(Special Correspondent, with Southern California Staff)  
Saturday is National Defense Day. Every American citizen should be present at the muster ceremonies in every community throughout the United States. It is asked to spend a portion of this day in realizing and acting upon his obligation under the Constitution to common defense.

The first essential thing to do is to enroll in the muster of National Defense Day. Every American citizen should be present at the muster ceremonies in every community throughout the United States. It is asked to spend a portion of this day in realizing and acting upon his obligation under the Constitution to common defense.

## COMMITTED TO NOTHING

This enrollment is merely a manifestation of your realization that you are obligated to serve the nation in the event of an emergency. The enrollment itself does not commit you to any military service. The man who enrolls is simply representing for the day of the test only, or a part of the day, or on paper if he cannot attend the muster ceremonies, the man who would enroll, enlist or be selected for service in any future emergency.

## TO RENDER SALUTE

There may be many who are in gatherings on the Fourth of July other than the Defense Test muster ceremonies. It is urged that every one attending any gathering, of whatever character, spend a portion of the day in the service of the nation in the hour of need should such an hour ever come.

## DOUBTNEWS OF WARNER BETROTHAL

Friends Skeptical When Told Producer is to Marry Lina Basquette, Dancseuse  
News from New York last night that Samuel L. Warner, of Warner Brothers, motion-picture magnate, and Lina Basquette, a prominent dancer of the last edition of Zigzag's Follies, are to be married is doubted by relatives here of both the girl and the man. Ernest Belcher, father of the dancer, said he received a letter Wednesday from Mr. Warner, who is with his daughter in Los Angeles, that there was no mention in it of any engagement. He said: "That's the third man she is reported to have been engaged to."

## Autoist Speeds Away After Car Kills Little Girl

Carlota Esmelinda, 4 years of age, was run down and killed near her home at Alameda Boulevard and Magnolia avenue, Compton, yesterday afternoon by an automobile. The driver of the car did not stop, police reported. The girl was killed instantly, it was said. Police are seeking the driver.

## Conductor Wood Due Tuesday for Bowl Concerts

Word that Sir Henry Wood, leading English symphony conductor, will leave for Los Angeles today from New York, was received by the Hollywood Bowl Association yesterday. He is scheduled to arrive here Tuesday, opening night, when Fritz Reiner opens the season. Wood will conduct the Hollywood Bowl Orchestra the second week. Obtained by Mrs. J. J. Carter, one of the founders of the Hollywood Bowl, Wood is traveling the greatest distance of any of the fifteen conductors coming here. As conductor of the Promenade Concerts in London, Wood has made an enviable reputation. These events are similar in many respects to those at the Hollywood Bowl.

# RESCUE TWO FROM UNDER GRAVEL PILE

Workers Dig Out Victims Who Calmly Brush Dust Off Clothes and Go Home

## Needles Police Chief is Near Death from Wound

**Ray Smith and Garnett Call,** truck drivers, lay buried under 300 tons of gravel for two and a half hours yesterday but at the end of that time Smith dusted himself off and walked home unassisted, while his companion followed suit after receiving emergency treatment at a hospital.

The two men experienced their narrow escape from death at the National Rock and Gravel Company loading plant at Roscoe, near Burbank. They were seated on their trucks, which had been driven onto the loading platform, when the bulkheads of the platform suddenly gave way. Men and trucks toppled to the ground below, with a huge amount of gravel on top of them.

## WEST COAST IS REPORTED SOLD TO FOX

Theater Deal Involving 120 California Houses Reported from Bay City

Purchase of the entire circuit of West Coast theaters by William Fox, president of the Fox Film Corporation, is reported to have been completed. The deal involves 120 theaters in California and is reported to be the largest purchase of theaters in the history of the industry.

## RULING CUTS DRUG STORE BOOZE LIMIT

Court Holds Los Angeles Prescriptions to Eight Ounces Under Law  
Residents of Los Angeles will be restricted to the purchase of only eight ounces of whiskey on a single prescription from a doctor, if a ruling made by Superior Court Judge Hahn yesterday is sustained by the higher state courts.

## WOMAN DIES AFTER RITE OF BAPTISM

Angelus Temple Ceremony Followed by Sudden Death of Santa Ana Convert  
Mrs. Charles Knowles of Santa Ana died last night at Angelus Temple a few minutes after she had been immersed in water at the temple in baptismal rite. The cause of death had not been determined last night. An autopsy will be conducted today, according to the coroner's office.

## MAN FOUND DEAD AT DRIVER'S WHEEL

Walter E. Dunn, believed to be an entertainer at the Del Monte Hotel at Monterey, was found dead yesterday at the wheel of a motor car he was driving on the San Juan grade near Monterey. Death was due to natural causes, it is believed.

## RECEIVER ASKED FOR LUCY CORPORATION

To protect tax claims of the government, U. S. Atty. McNabb yesterday obtained an order from Judge McCormick directing the Lucy Manufacturing Corporation, Malcolm P. Moran, Sheriff Treasurer of the Farmers and Merchants National Bank to show cause why a receiver should not be named for the assets of the corporation and why they should not be restrained from disposing of assets. A creditor's petition was filed recently against the company, but has not been adjudicated. Moran has a suit pending against the company for \$124,000, which comes to trial Monday. The company made oil-production machinery.

# PAIR SEIZED AS OFFICER IS SHOT

Needles Police Chief is Near Death from Wound  
Lynchings Threatened When Posse Apprehends Two

## Chase Results in Capture as Suspects Flee City

**NEEDLES, July 2.**—Two suspected automobile thieves, one of whom shot and probably fatally wounded Chief of Police James M. West here this morning, were captured by a posse at Lake Jackson, four miles north of Needles, after they had abandoned their machine in the vicinity of the lake. They were wading out of the lagoon.

The suspects narrowly escaped lynching as though it had struck several scores, waiting for the posse when it returned here. Deputy Constable George Acuna, having the posse and other officers kept the mob at bay with pistols and placed the suspects in the jail here.

## OFFICER IS MOVED

In a frantic effort to save the life of Chief of Police West, the citizens of Needles raised \$1000 to charter a train to take the wounded officer to San Bernardino to undergo an emergency operation. The train covered the distance, 240 miles, in a little less than six hours. The operation was performed tonight at the Roman Hospital, San Bernardino, by Dr. R. W. Prince. It is believed West will live. Mrs. Aubrey Cook, who was with the officer, stated that the threatening attitude of friends of the veteran police officer declared to have shot Chief West gave the name of W. J. Slater. The other gave the name of James Brown.

## AMERICAN-HAWAIIAN LINE IN BID FOR TRADE

More intense rivalry is seen in the international trade in the Hawaiian Islands. The American-Hawaiian Steamship Company of a service to the islands, and the Hawaiian Steamship Company, which has been operating a service to the islands, are in a bid for trade.

## OLIVE OIL SHIPMENT IS RECORD

Consignment on Italian Vessel Held Forerunner of Augmented Trade  
Discharge of the largest Italian olive oil shipment ever received on the Pacific Coast was completed at the port yesterday by the Dollar around-the-world liner President Monroe, which brought the \$150,000 consignment here from Genoa. There were 50,000 gallons in the cargo.

## SHIPPING

**PORT INDEX**  
OUTER HARBOUR DISTRICT  
7:00 a.m. — Pacific Coast Steamer Co. (S.S. "Pacifica") from Los Angeles, 100 tons.

[illegible]

This image appears to be a dark, high-contrast scan of a document page. A vertical strip of light is visible along the left edge, suggesting the binding or the edge of the paper. The rest of the image is predominantly black, with some faint, vertical, light-colored streaks and noise, likely due to the scanning process or the texture of the original document. No text or other graphical elements are discernible.
